Good morning Mr. Garcia

In order to request mental health services through our Behavioral Health Program, you will need to put in a sick call to medical to request a screening. On the sick call, please explain the reason for your request and what services you are requesting. You may pick up a sick call from one of the nurses during med pass. Also, please let me know if you have ever received mental health treatment, have a current diagnosis, and/or medications, including where and when. This information will help us get a head start. Thank you for your patience and understanding.

Kelley Andrade, QMHP
